

After several years of research, Eric H.F. Law wrote *Holy Currencies* where he described that missional and sustainable organizations all around the world are supported by six key elements or currencies. When those currencies of gracious leadership, time and space, truth, wellness, money and relationship flow into one another and exchange with others outside the organization – the result is nurture, growth, and health!

Stewardship 365 applies® this Holy Currencies® model to any organization using simple inventories, worksheets, evaluations, and planning exercises to map which currencies are present in an organization, what they are exchanged for, and how they interact with one another. In simple steps with a small team guiding the organization, change will begin to appear, and the organization will learn and grow along the way! Stewardship 365® is an on-line or in-person curriculum with reflection assignments & congregational engagements that empowers local congregations to expand their vision of stewardship beyond money to include all the currencies of. Through this model and process, congregations will create a year-around stewardship movement enabling them to shift from maintenance to mission, from scarcity to abundance and from fear to grace.

- A team of up to 5 persons begins the course by participating in an Orientation (4-6 hours). This can be done as a regional in-person event or on-line with your team together in one place connecting with a KI Associate via a live webinar. The appointed KI associate will support the team throughout the process.
- The team signs onto six 1.5-hour webinars over the next 6-month period covering the six holy currencies.
- In between webinars, the team is asked to complete homework assignments in order to deepen their understanding of each currency.
- The team creates a Stewardship 365 action plan incorporating learning, processes, and tools for the coming months or year.

Costs:

For an Orientation session and six webinars, one coaching session per month during the course and all materials the cost is \$6000. We invite organizations to partner with up to five other organizations and pay \$1000 per team, for a total of six teams.

What people say about Stewardship365:

- “Holy Currencies is a holistic way of understanding and walking into God’s abundance.”
- “It goes way beyond what you generally think of stewardship as being. It teaches you how to live as an expression of God, and how to lead others to do that. It pours strength and creativity into you as a church leader.”
- “This is a way to see how all of our life can be recognized as ways to contribute to and participate in a faith community’s vitality and ability to live into its mission.”
- “We felt that the workshop was extremely well thought out and crafted. It was highly interactive and engaged us fully. It was a superb adult learning experience!”
- “One of the top 5 workshops I’ve been to! (Probably 50 since the 1970s!) This has been glorious for me. Thank you.”
